

St Michael's Churchyard 5-year Plan

2024

- Establish a wildlife pond
- Plant native blossom trees to complete avenue alongside the path
- Hold at least one Messy Church meeting in the churchyard

2025

- Holder in church porch for laminated information sheets about wildflowers, insects and wildlife
- Cut diseased large box shrubs and leave stumps to attract insects
- Install a water butt
- Prune two trees and add wood to the log piles
- Maintain wildlife pond

2026

- Plant groundcover around wildlife pond
- Tidy around memorial stones in Remembrance gardens
- Establish walkways of cut grass through 'wilder' areas
- Clear boundary area adjoining the car park
- Regular maintenance of bug hotel, log piles etc

2027

- Create a herb garden in the second Remembrance garden. Plant herbs with biblical references
- Install an information board at the entrance to the churchyard
- Place more benches around the churchyard

2028

- Hold a community event with an environmental theme
